

PRODUCT FACT SHEET

70/70 TABLE FURNITURE / LIGHTING / ACCESSORIES

TAF Architects on the design "The 70/70 table is a study in geometric forms identifying the dimensions for a well-balanced table. It has an almost anonymous expression but with careful detailing. The table is based upon two cast aluminium squared frames with the dimensions 70 x 70 centimetres. The simple Scandinavian aesthetics balanced with the warmth from the layered wood adds personality to the table."

PROCESS	The table top is made of plywood, with a linoleum or laminate surface. The aluminium frames are formed under high pressure casting.
DESIGNED BY / YEAR OF DESIGN	TAF Architects / 2013
TYPE	Multi functional table
DESCRIPTION	The 70/70 table is minimalistic in design with an airy, light expression, which creates a beautiful profile. The almost reduced design is balanced with fine details in the plywood layered table top and form of the angular frame.
ENVIRONMENT	Indoor
DIMENSIONS (CM)	Large: L 225 W 90 H 73 Length between legs: 175 Small: L 170 W 85 H 73 Length between legs: 120
MATERIAL	Cast aluminium frames, plywood table top with linoleum (black/green)/ laminate surface(white/green).
COLOUR / REFERENCE CODE	Black, grey, white, light green
CLEANING INSTRUCTIONS	Use moist cloth
ABOUT THE DESIGNER	TAF Architects is a Stockholm-based design and architecture studio making International headlines within product and interior design.
